### DrivIQ result

Looks fair

## Analysis

Verdict: Estimated range

Fair price: \$1,200 to \$3,500

Why: Aston Martin's 30,000-mile service includes oil and filter changes, brake fluid exchange, engine air filter replacement, and a multi-point inspection.

Watch for: Additional costs for parts like the ancillary drive belt and potential regional labor rate variations.

Ask the shop:

- Are there any additional services recommended at this interval?
- What is the breakdown of parts and labor costs?
